FCC Compliance

- Rule: Give call sign every 10 minutes and at the very end of transmission
- Net Control
 - Only need to give own call sign 3 to 4 times (in Net Procedure, 1940 hrs, 1950 hrs, close of Net)
 - Can use “hint” at bottom of call sign columns
- Participating Station
 - At end of transmitting information to Net Control (likely won't have another chance until Net ends)

Net Control Tips

- Confirmation for next Net Control
 - Ask for confirmation when calling the station to check-in
 - Allow (notify) the station to give call sign if not given
- Getting fills from guests
 - Avoid Yes/No answerable questions
 - Ask for full call sign (even if you heard part)
- Relay requests: members only
